

src/gui/stylepalette.h

QDockWidget

QStandardItemModel

```
graph TD; A[src/gui/stylepalette.h] --> B[QDockWidget]; A --> C[QStandardItemModel]
```

The diagram illustrates a dependency relationship. At the top is a gray rectangular box containing the text "src/gui/stylepalette.h". Two blue arrows point downwards from this box to two separate gray rectangular boxes below it. The left box contains the text "QDockWidget" and the right box contains the text "QStandardItemModel". This visualizes how the header file "stylepalette.h" includes or depends on the definitions of these two classes.
